Item #	Status	Associated Design Entity	Type	Brief Description	Resource	Date identified	Plan date to resolve	Date of last update	Status of resolution / comments
1	In Progress	Database code	A	Connecting the firebase database to the Android Studio code	Firebase	3/10/17	6/3/17	5/12/17	In Progress
2	In Progress	Chat Feature	A	Will only do if time permits: connecting messages to database	Firebase	3/20/17	4/24/17	4/25/17	In Progress (Brandin)
3	New	Chat Feature	A/I	The code on the laptop does not run when applied to the phone.	Android Studio and Firebase	3/24/17	4/26/17	4/25/17	Brandin (our developer is working on fixing this bug)
4	New	Schedule	A	Have a user be able to add classes to their schedule and have it show up.	Android Studio and Firebase	4/10/17	6/3/17	5/13/17	Sita (In Progress)
5	Complete	Screen-Registration	A	Allow user to register account using Facebook, Email, or Google	Android Studio	4/10/17	3/28/17	3/28/17	Complete (Sita)
6	Complete	Screen - Login Options	A	Incorporating Google, Facebook, and Email login options	Android Studio	4/10/17	3/28/17	3/28/17	Complete (Sita)
7	New	User testing	I	Gathering users that can look at our app and tell us opinions about what they think.	All members in the team	4/14/17	4/30/17	3/30/17	We need to gather at least 20 users to test our new product.
6	New	Unit testing	I	Testing each of our seperate features that are marginalized in the drop down box	All members in the team	4/18/17	4/20/17	4/18/17	We need to give each feature to each member to find errors that may occur.
8	New	System and component testing	I	After unit testing we will come togther and examine if the screens and the features connect with each other	All members in the team	4/19/17	4/28/17	4/25/17	We need to work together to test this out
9	Complete	Screen - Navigation	A	Switching between screens in app	Android Studio	4/20/17	3/15/17	3/15/17	Complete (Chris)
10	Complete	Sync with Term Master Schedule	A	Pulling course info from TMS	TMS	4/21/17	4/28/17	4/28/17	Lead by Chris
11	Complete	Screen-Profile (Change Profile Image)	A	The user can change their profile image.	Android Studio and Firebase	4/19/17	4/23/17	4/23/17	Complete (Sita)
12	In Progress	Screen-Profile(Add Buddies Screen)	A	Update buddies screen so user can add other users and view their schedule.	Android Studio and Firebase	4/23/17	5/20/17	5/13/17	In Progess(Sita)
13	New	Screen-Profile(Buddy Requests)	A	This will make sure that when users try to add a buddy, the other user has to accept it before they can be your buddy.	Android Studio and Firebase	5/2/17	5/27/17	5/13/17	In Progress (Sita)
14	New	Screen-Profile (Your Buddies Screen)	A	The users show up here after the user is added as a buddy and is accepted as a buddy. On this screen, the user can also view their buddies schedules.	Android Studio and Firebase	5/9/17	5/27/17	5/13/17	Sita
15	New	Screen -Login (Allow users to reset password)	A	Allow the user to reset their password.	Android Studio and Firebase	5/5/17	6/3/17	4/25/17	In Progress(Sita)
16	Complete	Screen-Classes Screen (List classes that user can add to schedule)	A	Lists the classes the user can add to their schedule. The user will be able to add classes to their schedule using this	Android Studio and Firebase	5/19/17	5/26/17	5/13/17	Sita
17	In Progress	Screen-Settings Screen	A	Will do only if time permits: notifications, report a problem, terms and conditions.	Android Studio	4/20/17	6/6/17	5/13/17	Everyone
18	Complete	Database - Upload Class Information to Firebase	A	With the class info pulled from Web TMS, upload JSON files to Firebase to allow the app to pull from it	Firebase	5/4/17	5/5/17	5/5/17	Complete (Sita, Chris, Briana)
20	In Progress	User testing	A	We need to make a document that details all the requiremnets and parts of user testing	Microsoft Word	5/2/17	6/1/17	5/12/17	In Progress (Sanobar)
22	In Progress	System Integration testing	A	We want to be able to show that two of our screens effectively work together with data inputs	Android Studio	5/12/17	5/19/17	5/11/17	Everyone
23	Complete	Integration Testing	A	We are now able to check selected classes and then click on a schedule button which will output the CRN numbers for the selected classes on a new screen	Android Studio	5/11/17	5/18/17	5/19/17	Sita
24	In Progress	User testing	A	We now have a survey that we can use to get feedback from users this week at least 20 people	Survey Monkey	5/3/17	5/21/17	5/16/17	In Progress (Sanobar)
25	New	Screen-Profile	A	Allowing user to add their student distinction (freshman, sophomore, pre-junior, junior or senior).	Android Studio	5/12/17	5/26/17	5/19/17	In Progress (Briana)
26	In Progress	Screen-Schedule Screen	A	We are going to try to create and add new events to the schedule screen	Android Studio	5/19/17	5/27/17	5/19/17	In Progress (Chris)
