Project Metrics	Status
New Issues/Risks Captured	G
Scheduled Tasks	G
Issues/Risks Resolved	Y
Stakeholder Management	Y

Overall Status

Y

Plan to keep/get project to Green status

- [Detail the key achievements in the last period]
- Make more scheduled plans and create definitive deadlines for developing code
- Plan weekly meetings that can help keep us on track
- Plan for user testing and collect data

Key risks / issues / scope changes

- [Detail key risks and issues]
- Risks could be bugs in the code at the final weeks.
- Debugging could take a long time.
- We may have to change the scope so we are able to get everything finished.
